

BMW CCA CLUB RACING

OKTOBERFEST RACING SCHOOL

CALIFORNIA SPEEDWAY

Tuesday & Wednesday, July 6th & 7th

*You do **NOT** need a prepared racecar for this school. No special equipment is required other than an approved SA95 or newer helmet. While preference is given to BMWs, other makes are allowed. Entry is limited to 30 cars. You will have three on-track sessions along with classroom instruction each day. If you ever wondered about what it's like to go racing or if you've ever considered going racing without taking the full plunge, this school is for you. It's all about learning what it takes to race wheel to wheel in a safe, controlled educational environment. If you've been to drivers' schools ... this is the next step. Answer the "what if" in your heart or just learn what it's all about for the cost of a drivers' school.*

To participate you need a minimum of three complete, accredited high performance driving schools. All entry applications are subject to review and approval.
